

## TECHNICAL SHEET

### LUB-2211-N6

**LUB-2211-N6**, is a degreaser based on high-quality aliphatic solvents, as well as surfactants that makes it a product that effectively removes grease and dirt from heavy work. **LUB-2211-N6**, It can be used pure or emulsified in water, which allows it to be easily removed from the surface to be cleaned, without leaving any kind of film on the treated surface.

### ADVANTAGES AND PROPERTIES

- **EMULSIFIABLE DEGREASER**
- **LUB-2211-N6**, easily removes accumulations of grease, tar, asphalt
- Concentrated product with great degreasing power.
- 100% emulsifiable in water
- Highly economical, since it can be diluted with water and/or kerosene
- It does not give off toxic fumes, it is not corrosive.
- It can be used in any type of industrial machinery and equipment

### APPLICATIONS

- Formulated for the rapid and economical removal of asphalt, tar, grease and lubricating oil, etc., found in trucks, buses, equipment and/or industrial systems such as: tools, drills, floor cleaning, workshops and all types of machinery and equipment. industrial.
- It can be used in any type of industrial machinery and equipment.

### APPLICATION

The amount to use **LUB-2211-N6**, varies according to the volume of dirt to be removed and its consistency, the contact time with the parts to be cleaned and the method of use.

It is recommended to apply the product directly on the surface to be cleaned, leave it to act for 5 to 10 minutes, rub and rinse with plenty of water.

### PROPERTIES PHYSICOCHEMICAL

	<b>LUB-2211-N6</b>
<b>COLOR:</b>	Colorless to slightly yellow
<b>ASPECT</b>	Liquid
<b>APPARENT VISCOSITY, cPS</b>	15 - 35
<b>SPECIFIC GRAVITY, at 25°C pH</b>	0.8350 - 0.890
<b>AT 28°C,</b>	4.5 - 6.5
<b>SOLUBILITY</b>	100% in Hydrocarbon Solvents
<b>FLASH POINT, °C</b>	50 - 55

### INFORMATION

#### ENVIRONMENTAL

Handle as an industrial chemist, wear personal protective equipment. See precautionary measures in the SAFETY DATA SHEET

### DRIVING SURE

### PRESENTATION

**LUB-2211-N6**, is dispatched in 208 Lt drums, pailas or 19 Lt buckets. The product can be stored up to 12 months.
